

Deadline: November 30, of current year

Please address each of the following areas in your supporting documentation, adhering to the below sequence when possible.

- Completion date contained in the contract. Any time extensions granted should be addressed in the submittal.
- Construction schedule, management, and control technique used.
- Safety performance including number of lost-time injuries per 1,000 man hours worked and overall safety program employed during the construction phase.
- Environmental considerations including special steps taken to preserve and protect the environment, endangered species, etc., during the construction phase.
- Community relations – a summary of the efforts by the agency, consultant and contractor to protect public lives and property, or other occurrences over which there was no control.
- Additional considerations you would like to bring to the attention of the project review panel such as innovations in technology and/or management applications during the project.

Note: Supporting documentation is limited to twenty (20) pages, exclusive of photographs and nominating form.
